

# 190 S900 LECTURE ROOM WORKTOP

Mounted sequentially on columns independent of the chairs. This prevents disturbing vibrations caused by other people in the audience. Adjusted individually. Supplied with or without front panel.

## GENERAL

Worktop: 22 mm, high-pressure laminate: beech, light-grey, anthracite grey

## HEIGHT

75 cm  
Height, front panel: 65 cm

## DEPTH

35 cm

## ACCESSORIES

- Worktop column
- Worktop
- Front plate

## EXTRA

When installing straight rows, one hour per seat is normally calculated. The time spent may vary depending on the floor conditions. The step depth of the podium must be at least 100 cm.
